Sioux City Seed Co.

ESTABLISHED 1884

CABLE CODE: "Sioux Seed." ABC Code, 5th
American Seed Trade Association Code.

To the Trade

We are pleased to submit the following prices, which, when the qualities and germinating powers and the great care taken in growing and caring for are considered, will be found as low as such high quality seed can be offered. It has never been our policy to compete with low grade seeds, or seeds grown by inexperienced persons. Our seeds have a reputation to maintain. There are many seeds thrown upon the market at low prices that have not. We especially warn all dealers who wish to furnish their trade with only the best to select their seeds with great care.

Cheap Seeds—Dear as a Gift

Some merchants make a special "run" on Bulk Garden Seeds, and buy in large quantities. If dealers who buy in large lots will submit us a list, giving amount of each variety used. We will quote them anything special we have to offer on large orders.

NON-WARRANTY

We sell no seeds with warranty, expressed or implied, in any respect, and will not be in any way responsible for the crop. If the purchaser does not accept these seeds on these terms they must be returned at once.

TIMOTHY (Phleum Pratense).

FIELD AND GRASS SEEDS

We do not deem it necessary to enter into an extended description of this branch of our business.

In brief, we only wish to say that at all seasons of the year we are prepared to furnish as choice a line of Grass Seeds and Field Seeds as any market in the west. With our superior milling facilities we are prepared to reclean and grade all classes of seed and put them on the market in the very best shape.

**THERE ARE NO SEEDS OFFERED THAT ARE
FREER FROM FOUL SEEDS THAN OURS.**

Our Prices will be found as low as any.

We carry Clovers, Alfalfas, Alsike, Timothy, Sweet Clover, Blue Grass, Red Top, Bromus Inermis, Orchard Grass, all kinds of Millets, etc. Headquarters for Dwarf Essex Rape.

We want to buy anything in the above line you may have to offer. Send us a good sized sample by mail and we will make you the highest market price.

Seed Cases

Dealers who handle Bulk Garden Seeds frequently ask us for seed cases. We have a nice case—SOLID OAK, steel back, galvanized iron drawers that never stick, MOUSE PROOF, RAT PROOF, MOTH PROOF, When the seed season is over you can set the case anywhere out of the way and seeds are safe.

Write us for our proposition on bulk seeds and seed cases for displaying and dispensing them.

Terms of Sale

Credit—Orders from unknown correspondents must be accompanied by remittance or satisfactory reference.

Grass and Field Seeds, Onion Sets and Poultry Foods are invariably Net Cash.

Garden Seeds—Net 60 days. We allow a discount of 2 per cent for all bills paid in 10 days from date of invoice. This discount applies to garden seeds only.

All Shipments made in good order and receipts taken, after which our responsibility ceases, although if any shipments do not reach customers promptly we should be immediately notified, as we can often trace and hasten the delivery of the same.

Bags will be charged as follows: 2 bushels 35c; half bushel 5c; quartér bushel 5c.

Remitted for—All bills must be remitted for promptly when due, either by Draft or Express Money Order. Make personal checks payable with exchange. If we are obliged to make draft, which we do on date named on invoice, exchange and collection charges must be paid by the party on whom we draw.

Box Seeds—We have, since commencing business, sold seeds in papers, and we this season are putting up four handsome and finely assorted boxes, full description and contents of which will be found on page 24.

Mailing Seeds—When customers order small quantities of seeds they can be sent by parcel post. Postage will be charged on the invoice.

Freight Equalized—There are many merchants east and south who would like to handle our superior Garden Seeds. To all such we will equalize **Freight Rates** with your nearest purchasing point.

POULTRY FOOD SUPPLIES

See Page 35 for Full Description

GARDEN TOOLS

See Page 33

Vegetable Seeds

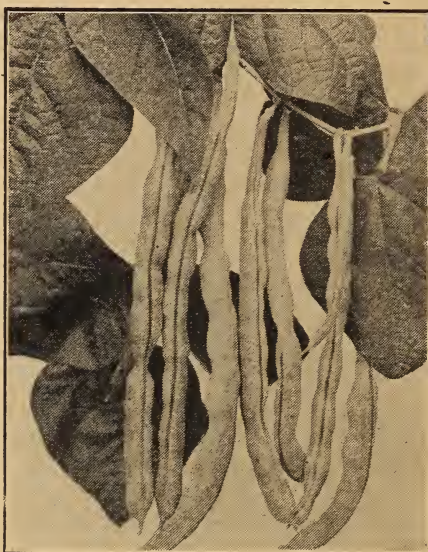

A shade higher price will be charged for seeds in ounce or less than pound quantities, or lots of less than a bushel.

We supply a reasonable number of **Seed Catalogues** for merchants free. Place for the merchant's name and address appears on these catalogues.

SWEET CORN

Early Evergreen

CAUTION—Sweet Corn in bulk, even after being thoroughly cured, will often gather moisture and spoil, particularly if it has been exposed to a low temperature. To prevent this it should be taken out of the bags as soon as received and spread in a dry place.

MARKET GARDENERS—If you want the best corn you ever saw—a corn that will put you ahead of your competitors four or five days—fine ear, sweetest of all, beautiful white color, try our White Mexican. Originated from the old Black Mexican. We control the entire stock. Fifty-five to sixty days.

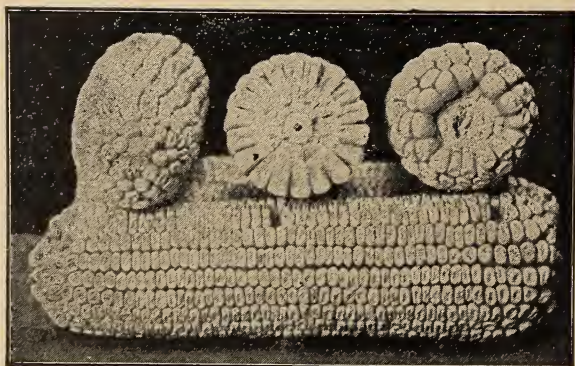

DON'T PLANT SWEET CORN DEEP—Sweet Corn should not be planted over an inch deep; most people plant two or three inches deep—most sure to rot. Also do not plant too early. Not as early as field corn.

RADISHES

Crimson Giant

A variety extraordinary in that while growing to an unusually large size, it is always tender, crisp and of mild flavor. It remains in perfect condition a remarkably long time, and, unlike other forcing varieties, does not become pithy, even when twice their size in diameter. Root turnip shaped; color, a beautiful crimson carmine; flesh firm, crisp and tender. While very desirable as a second early forcing variety, we especially recommend it for outdoor planting.

16 (10-oz. boxes) for -----	\$3.00
Bulk Lawn Grass, Evergreen Brand, per lb.-----	M. P.
Bulk Lawn Grass, Sioux Brand, per lb.-----	M. P.

Assorted Boxes Garden Seeds

DISPLAY CASE

See contents pages 26 to 31. Also Flower Seed Boxes Nos. 1, 2, and 3. Read our contract on the "Sioux City" Method of Handling Packet Seeds. See page 25.

We often receive letters from dealers asking us to send them a box of our seeds upon commission. These come from dealers who are not acquainted with our plan of selling package seeds outright, as we in no case send out seeds on commission. For the last 40 years we have sold our boxes, replacing free each year the seeds that have lost their vitality, and that our plan is becoming a very popular one is evidenced in the increased sales every year of our package seeds.

If you are handling Commission Garden Seeds this should interest you, for the reason that there is a better plan, and one that will make you more money. If you handle commission seeds you can only get 40 per cent, the seed man 60 per cent. By our plan you get 60 per cent and we only 40 per cent, a saving to you of 20 per cent.

You ask how we can do this. The answer is a simple one. By the commission method large quantities of seeds are shipped to the merchant that he has no sale for, and hence after having been shipped over the road many times, the commission seedsman is obliged to destroy them at a large expense. By the commission plan seeds are shipped back and forth over the road eight to ten times, and you by paying the addition commission pay the freight.

OUR SEEDS have as strong vitality as any seeds handled in the United States, and are unsurpassed for purity. Our packages are good heavy weight, and in neatness and beauty are the equal of the very best. We will mail sample of 5c paper on application.

DATED PACKAGES—With one exception we are the only seed house in the United States that dates its packages. We put on the back of the package a plain date that gives the year to which its vitality extends. We positively burn as soon as the vitality expires. When you sell our seeds you sell only seeds that will grow.

We ask you to compare our prices with what you are paying.

Our Prices

5c flat packages cost you-----	-----2¼c
500 packages and over -----	2c
15c square packages cost you-----	8c

THIS IS OUR CONTRACT

These seeds are sold outright—not consigned; but in order that dealers may not sell seeds too old to germinate, or be at the loss of destroying them, we agree to mark all papers the date of which their vitality expires, and on that date so marked, to replace an equal number of papers for the number destroyed, free of charge. All seeds must be destroyed by our agent at time of his annual visit, or the purchaser can destroy all perishable papers and send us a statement of the number destroyed. The full amount of bill is due 60 days from date of invoice.

All papers are marked with a single figure on the back showing the year the vitality expires, and our agents when visiting you will carefully look over your boxes and destroy all that are dated for that year, so that there is no loss to the dealer, and he has the satisfaction of knowing that he is selling fresh seeds. All our seeds are packed in handsome lithographed bags, and present a very tasty appearance. Boxes are decorated with a beautiful lithographed label, and, altogether, we think we can truly say that our seeds are put up in the most attractive manner of any sent out. At the low price which we offer them we feel that all live merchants will prefer to handle our seeds to the commission goods.

NO CHARGE—We make no charge for the cases in which seeds are packed. The prices are net.

How to Sort Up Boxes

We print a summary of the contents of four regular boxes we put up. If you do not care to sort up your own box you can select the size box you want and we will send you a box made up to suit your latitude.

But we advise you to select the size box you want and then change the contents if they do not suit you. You know what you want better than we do. Select your own varieties.

We recommend that you use only the 5c flat papers and leave out the corn, beans, peas and turnip seed in the larger sized packets, and take these four kinds of seed in bulk. You will find it much more satisfactory to your trade.

SUMMARY OF ALL OUR REGULAR BOXES

CHOICE MIXED FLOWER SEEDS

We desire to urge our customers to use care in planting, as much annoyance often results from planting fine seeds too deep and in coarse soil. Make the ground fine and smooth and wait until the soil is warm on all fine seeds.

BOX No. 1—Flower Seeds.

100 Flat 5c Papers at -----	\$5.00
Net price to dealer -----	\$2.25

BOX No. 2—Flower Seeds

4 Mignonette	1 Wild Cucumber
4 Marigold	4 Zinnia
6 Nasturtium, tall	6 Zinnia

Summary—200 Papers at 5c \$10. Wholesale price, \$4.50.

PLANET JR. HILL AND DRILL SEEDER

No. 25 Planet Jr. Combined Hill and Drill Seeder, Double and Single Wheel Hoe, Cultivator and Plow.

Holds $2\frac{1}{2}$ quarts. Weight, complete, 61 pounds. It combines in a most practical way the Planet Jr. No. 4 Drill and No. 12 Double and Single Wheel Hoes. Equipment—One pair of 6-inch hoes, four cultivator teeth, one pair plows (all oil tempered); two leaf guards, one marker. Price \$21.50. Dealer's discount, 15 per cent.

No. 25 Combined Seeder, Double and Single Wheel Hoe is valuable for gardeners who have enough acreage for a double-wheel hoe to be used, and yet prefer not to buy seeders and wheel hoes separately; also for onion growers and for the large family garden where both a single and double-wheel hoe can be used to advantage. The hopper holds four pounds of onion seed.

As a seeder it is practically the same as the Planet Jr. No. 4; for description see page 4. It sows in drills any thickness or drops in hills 4, 6, 8, 12 or 24 inches apart; has the same feed, hill-dropping mechanism and automatic device for stopping the feed, and also a capital seed index.

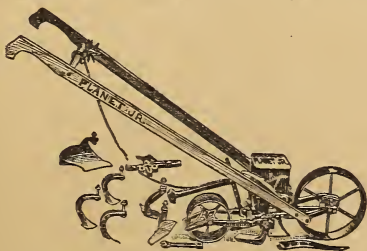

It is thoroughly substantial and accurate in planting all kinds of garden seeds. Its simplicity, both as a seeder and as a wheel hoe, makes the combination thoroughly satisfactory.

No. 4 PLANET JR.

No. 4 Planet Jr. Combined Hill and Drill Seeder, Wheel Hoe, Cultivator and Plow. Holds $2\frac{1}{2}$ quarts. Steel driving wheel. Weight, complete, 50 pounds. Equipment—One pair of 6-inch hoes, three cultivator teeth, one garden plow (all oil tempered); one leaf guard, one marker.

No. 4D as a Seeder Only. Weight, 40 pounds.

Price, \$14.25. Dealer's discount, 10 per cent.

The No. 4 Seeder is a special favorite; there are doubtless more of them in use in the world than any other seeder made. Gardeners and farmers having

Prices subject to change.

only a family garden who fear that they haven't quite enough work for a drill to do, will nevertheless find this combined tool will quickly pay for itself in labor-saving and increased crops. With it one can do almost all the hoeing and general work in the garden, for it combines in one machine: A capital hill-dropping seeder, a continuous row seeder, an admirable single-wheel hoe, a splendid single wheel cultivator, an excellent furrower, a rapid and efficient wheel garden plow.

CYCLONE SEEDER

It is Especially Designed for Distributing Evenly, All Kinds of Grain, as Well as Every Variety of Grass Seed.

The construction is simple, strong and practical.

Price, \$1.75. Doz., \$20.00

POULTRY FOODS

Are of the greatest importance and should receive the most careful attention on the part of those who are either selling the **Foods** or have fowls to feed. We have given this matter of **Chicken Foods** very careful consideration. We are now prepared to offer **The Trade** the finest and purest **Chicken Foods** on the market. We say to you positively that we are using nothing but the best materials, practically of the same quality that we are using for our seed purposes. There is positively **No Dust, Screenings or Damaged Grain, Shells or Grit** of any kind in it. We sell all our **Screenings** to sheep men for their flocks. Furthermore, our **Chicken Foods** are not filled with shells, grits and cheap articles, but are made up of such excellent grains as **Wheat, Kaffir Corn, Sweet Corn, Cracked Peas, etc.**, all of which have a high feeding value for fowls. We have given the most careful study to the proper proportions for mixing these **Foods**, so as to have a well-balanced ration for fowls—**Foods** that will keep them in the best of health and increase very materially the laying of eggs.

Our Price—Price, of course, is a matter of consideration, but is one of secondary importance to quality. It is very easy to cheapen it so as to be able to reduce the price. There is much **Chicken Food** offered now that has a large percentage of grit and shells.

We would be pleased to mail you our 24-page **Booklet on Poultry Foods—Methods of Feeding — Chicken Diseases—Remedies, etc.** Write for it today.

Samples—We will be pleased to mail samples.

We enclose here our today's prices on **Poultry Foods, Grits, Shells.** These prices are subject to change without notice.

HOW TO USE IT

"Sure-Noxem" is ALWAYS READY! No water, spray pumps or sprinklers to bother with. The handy container allows you to dust "Sure-Noxem" direct. Shake the powder early in the morning while the dew is still

on. Dusting a plant when dry will show little results. Don't wait until the insects multiply—use "Sure-Noxem" when they first appear. Dust Freely!

CALF MEAL

Blatchford's Calf Meal is the original milk substitute. It was the first on the market. For over one-third of a century it has been successfully used in raising calves by the most progressive farmers and dairy-men in this country. It is the only Calf Meal backed by so remarkable a record.

Blatchford's Calf Meal raises calves from babyhood. It is extremely palatable. It is easy to feed. It saves both milk and money. It will pay you to use it.

FARMOGERM

SEED INOCULATION

Makes Big Crops—Better Soil

Farmogerm is a double-action inoculation that makes larger crops of legumes, and adds about \$30 worth of the finest nitrate fertilizer to every acre for next year's crops.

It makes this year's crop more productive and builds up the soil for next year. Progressive farmers use Farmogerm inoculation every year, because these high bred bacteria are five to ten times stronger than those found naturally in the soil.

The nitrate fertilizer added to the soil by inoculating a legume crop with Farmogerm is conservatively averaged at \$30 per acre. The U. S. Department of Agriculture says: "In Germany the amount of nitrogen added to the soil by legumes, besides that taken off in the crop, is estimated at 200 pounds per acre. In the United States, the average for sixteen states is 122 pounds, equivalent to not less than 800 to 1,000 pounds of nitrate of soda."

For Small Seed Legume Varieties, Alfalfa, Clovers, Sweet Clover: $\frac{1}{4}$ bu. size, 35c; $\frac{1}{2}$ bu. size, 60c; 1 bu. size, \$1.00; $2\frac{1}{2}$ bu. size, \$2.25; special FARM-OGERM, 10 bu. size, \$8.00; special garden ($\frac{1}{4}$ acre) size that will inoculate 15 lbs. Peas, Beans or Sweet Peas, 50c. Dealers' discount, 33 $\frac{1}{3}$ %.

Sold in tins packed in a rich, soil-like granular medium, easy to mix with seed. Contents always fresh and bacteria active and vigorous.

The Original Soil Inoculator—Registered in the U. S. Dec. 6, 1898—over 28 years ago.

Nitragin for Garden Uses

Every garden needs Nitragin; garden size is for Peas, Sweet Peas, and Beans including Lima (3 in one Inoculant). Price20 cents

IMPORTANT

PROTECT YOURSELF: Don't buy legume cultures without a date on labels. Date, same year seed is sown. They may be several seasons old and worthless. Agricultural Colleges recommend this protection. Every NITRAGIN label is dated.
